

A blue-tinted background image featuring various medical devices. In the upper center, a syringe with a needle is positioned vertically. To its right, a circular dial or gauge is visible. In the lower left, there is a white plastic component, possibly a connector or part of a ventilator. A dark, curved line sweeps across the lower half of the image, separating the title from the date.

Anesthesia in Bariatric Surgery

Wednesday 26th of November 2014

Symposium
